

## *Others products*

---

### **Self regulating heating cables (low voltage - 12, 24V and 48Volts)**

---

Self regulating heating cables specially designed for deicing of trucks or wagons covers and security applications when low voltage is needed

### **Constant wattage heating cables (low voltage - 12, 24V and 48Volts)**

---

Constant wattage heating cables specially designed for deicing of trucks and wagons covers and security applications when low voltage is needed

### **Silicon rubber heating coords CCS**

---

Pre equipped heating coords in silicon rubber  
End and cold leads moulded for refrigerating industry

### **Small dimensions constant wattage heating cables**

---

Constant wattage heating cable with very small dimensions  
for refrigerating industry (door)

### **Others products**

---

Lot of cables for audio, alarm, intrusion, detection industries, instrumentation and control, ...
